

PSD Coil Cleaner

Acid Cleaner for Condensers

Description

PSD Coil Cleaner is a concentrated descaling cleaner developed by Errecom for the complete cleaning of condensers. Its acidic formulation (pH = 2) makes it particularly effective at removing limescale from the metallic components of A/C outdoor units.

When diluted at a ratio of 1:3, it dissolves the most stubborn dirt residues in just 5 minutes and easily removes oxidation, salts, and deposits from condenser coils, as well as components made of aluminum, steel, and copper. The formula is completely safe for metals.

Not only does it descale and effectively clean condensers, but it also restores their original appearance. It is recommended to thoroughly rinse the condenser with plenty of water after use.

Features

- Specific for condensers.
- Ideal for restoring thermal exchange and system efficiency.
- Foam action effectively removes even the most stubborn dirt.
- Ensures a cost-effective and efficient cleaning result.

Instructions

1. Turn off the A/C system.
2. Dilute 1:3 with water.
3. Apply the product on the surface to be treated.
4. Wait for 5 minutes.
5. Rinse with plenty of water.

Physical and Chemical Properties

Property	Value
Aspect	Clear liquid
Colour	Red
Odour	Characteristic
Relative Density	1.01 ± 0.005 g/ml (at T = 20°C)
pH	2 ± 1

Categorisation and Labelling

This technical specification is only applicable when it comes with the current Safety Data Sheet.
In accordance with legal requirements, only the Safety Data Sheet contains current safety information.
The MSDS is available on request.

Safety Instructions

Avoid contact with skin and eyes. Avoid breathing vapours and mist.
Wear protective gloves/protective clothing/eye protection/face protection.
Do not use empty containers before they have been cleaned.
Before pouring it into a container, make sure that it has been cleaned properly from any incompatible materials.

Storage Instructions

Store between +0°C e +40°C.
Store away from direct sunlight.
Keep away from food, beverage, and animal feed.

Disposal

PSD Coil Cleaner is a water-based acid mixture that can be disposed of as a detergent, according to the current regulations.

Transport Conditions

This product is not regulated for transport according to ADR/RID, IMDG, ICAO/IATA.

Shelf Life

7 years from the date of production.

Packaging
